If you are planning to train and assess candidates for the RST on board their own boat, then you must ensure that this vessel is registered, the owner has comprehensive insurance, and obtain a waiver of liability from the owner.

If you are planning to offer candidates yours, or another third party boat, this boat must be registered as a Domestic Commercial Vessel - (Not Surveyed). The Authorised Assessor must have a Certificate of Operations and a Safety Management Plan. The cost is a little over \$200 for the application, and nearly \$700 for the 5-year registration, total around \$900. Yachting WA has the application paperwork, but the application must be lodged directly with DoT.
